Choose the stethoscope that helps you achieve your best.

3M™ Littmann® Stethoscopes offer superb acoustic performance, consistently high quality, and an outstanding value. Nearly all Littmann stethoscopes use tunable technology, a 3M invention that gives you the ability to hear different frequency sounds without turning over and repositioning the chestpiece.

### Lightweight

<table>
<thead>
<tr>
<th>Model</th>
<th>Acoustic Performance</th>
</tr>
</thead>
</table>
| 6 | Ideal for taking blood pressure readings and making limited patient assessments.

### Classic

<table>
<thead>
<tr>
<th>Model</th>
<th>Acoustic Performance</th>
</tr>
</thead>
</table>
| 7-8 | Hard-working, dependable, clinical tools for physical assessment and monitoring of your patients, one long shift after another.

### Cardiology

<table>
<thead>
<tr>
<th>Model</th>
<th>Acoustic Performance</th>
</tr>
</thead>
</table>
| 9-10 | Designed to meet the needs of demanding clinicians. Provides outstanding acoustic sensitivity to help you perform detailed diagnostic auscultation.

### Electronic
